### **724    1962 EK Holden Utility**

Location: Echuca Year: 1962 Make: Holden Model: EK Utility Engine Type: 186cu Modified Transmission: Manual Ods Showing Body Type: Utility VIN / Chassis: EK15989B Engine Number: M129140 Exterior Colour: Grey Interior Colour: Red Holden released in the 1960s, was a minor facelift of the superseded FB series, with obvious changes limited to a new grille (instead of six), and body side moldings. In terms of finish, "Standard" vehicles were painted in a single colour with chrome fittings, while "Special", the most popular model, came with stainless steel trims along the side and a white roof, a two-tone vinyl interior. Parking lights were incorporated into the top grille bar, and other changes included new interior trim, electric wipers (replacing the old vacuum-type ones), and a new fresh-air unit with a new ventilation grille in the windscreen. This lovely EK Utility has had a very tasteful restoration with period modifications which include the T186cu Red motor .... new interior which is in beautiful condition and the Weld wheels that really set the car off. Right that its been done very well indeed .... this would be a perfect club car or Sunday cruiser for a coffee with the mate. This vehicle starts, runs and drives. This vehicle is located at the National Holden Motor Museum in Echuca, for further information please contact Michael Saide 0437 637 644. To protect your investment vehicle bidders should consider at a minimum replacement of fuel, oil, fluids, filters and thorough brake inspection as vehicles may have been stationary for some time. Vehicles are sold as is off the floor - no warranty expressed or implied, sold with all or any faults, and where applicable sold with Australian Government Import Approval. ECH01

Vehicles are sold as is off the floor – unregistered. No warranty expressed or implied, sold with all or any faults, and where applicable sold with Australian Government Import Approval. ECH03

### **728 1964 EH Holden Utility**

Location: Echuca Year: 1964 Make: Holden Model: EH Utility Engine Type: 161cu Transmission: Manual Odometer Type: Utility VIN / Chassis: EH79087 Engine Number: 161R53144 Exterior Colour: Code 568 5084 Now Road Code 576 055 Being offered UNRESERVED. The Holden EH is an automobile produced by General Motors-Holden. The EH was released in August 1963 replacing the Holden EJ series, and was the first Holden to incorporate the main bearing crankshaft instead of the four main bearing crankshaft used in the "Grey" engine. At first, a larger 161-cu engine was only sold attached to a three-speed manual gearbox or the "Hydramatic" four-stage automatic transmission. The Controlled Coupling Hydramatic used in the EH was actually a four-stage, although it effectively worked as a three-speed. The 179-cubic-inch (2,930 cc) engine was initially sold only with the "Hydramatic" transmission. The first EH with a manual gear box was called the "EH-S4". This lovely EH Utility has had a restoration at some stage in its life, presented in Pearl paint (Holden colour) and an interior re-trim of a high standard. Overall this is a fabulous EH Ute that is sure to be an Enthusiast to add to their club car fleet. Vehicle starts, runs and drives. This vehicle is located at the National Holden Motor Museum in Echuca, for further information please contact Ashley Burns 0408 618 294 or Michael Saide 0437 637 644. To protect your investment vehicle bidders should consider at a minimum replacement of fuel, oil, fluids, filters and thorough brake inspection as vehicles may have been stationary for some time. Vehicles are sold as is off the floor – unregistered. No warranty expressed or implied, sold with all or any faults, and where applicable sold with Australian Government Import Approval. ECH04

### **729 1970 HG Holden Brougham**

Location: Echuca Year: 1970 Make: Holden Model: Brougham Engine Type: 308cu Transmission: Automatic Odometer Type: Showing Body Type: Sedan VIN / Chassis: HG10292M Engine Number: 308H25696 Build Date: 9/70 Exterior Colour: Code 253 17318 The Holden Brougham is a large, luxury automobile that was produced by Holden in Australia. It was based on the mainstream Holden Premier of the same years, but with a lengthened rear body. The boot was 111-inches (2,800 mm) rather than increasing the 111-inch (2,800 mm) wheelbase. The Premier's four-headlight grille was also kept on the Brougham. This outstanding HG Brougham will not disappoint that's for sure, beautiful in life, the owner has lovingly cared for this car and of course its been on display here in the National Holden Museum. You would be hard pressed to find a better Brougham ! Paint work is of a very high standard and equally so the interior. This is certainly a car you need to keep on your shopping list to add to your collection, one for the fussy buyer. Vehicle is located at the National Holden Motor Museum in Echuca, for further information please contact Ashley Burns 0408 637 644. To protect your investment vehicle bidders should consider at a minimum replacement of fuel, oil, fluids, filters and thorough brake inspection as vehicles may have been stationary for some time. Vehicles are sold as is off the floor – unregistered. No warranty expressed or implied, sold with all or any faults, and where applicable sold with Australian Government Import Approval. ECH10
